COMMENTARIES AND OTHER RESOURCES ON 1 JOHN ARCHIVE.ORG

Explanation - The following list includes not only commentaries but other Christian works by well known evangelical writers. Most of the resources below are newer works (written after 1970) which previously were available only for purchase in book form or in a Bible computer program. The resources are made freely available by archive.org but have several caveats - (1) most do not allow copy and paste, (2) they can only be checked out for one hour (but can be checked out immediately when your hour expires giving you time to read or take notes on a lengthy section) and (3) they require creating an account which allows you to check out the books free of charge. To set up an account click archive.org and then click the picture of the person in right upper corner and enter email and a password. That's all you have to do. Then you can read these more modern resources free of charge! I have read or used many of these resources but not all of them so ultimately you will need to be a Berean (Acts 17:11[±]) as you use them. I have also selected works that are conservative and Biblically sound. If you find one that you think does not meet those criteria please send an email at <https://www.preceptaustin.org/contact>. The resources are listed in alphabetical order by the author's last name and some include reviews of the particular resource.

COMMENTARIES ON 1 JOHN

Note: Not in any particular order.

[The Preacher's Outline & Sermon Bible : New Testament, King James Version](#) 1 Thessalonians, 2 Thessalonians, 1 Timothy, 2 Timothy, Titus, Philemon, Hebrews, James, 1 Peter, 2 Peter, 1 John, 2 John, 3 John, Jude, Revelation. - Helpful notes.

[The Letters of John : an Introduction and Commentary \(Tyndale New Testament Commentaries\)](#) by Stott, John R. W (1988) 244 pages. [89 ratings](#)

[Tim Challies](#) - John Stott is always an able commentator and his volume in the TNTC is no exception. Carson

praises it as “one of the most useful conservative commentaries on these epistles, so far as the preacher is concerned” and says “it is packed with both exegetical comments and thoughtful application.” The TNTC is targeted squarely at a general audience, so both pastors and interesting general readers will find it tremendously beneficial. If you are looking for a commentary to guide you as you read John’s epistles devotionally, this is probably the one you want.

Robert Yost - This volume, which was revised in 1988, is one of the finest offerings in the TNTC series. Stott, an Anglican and one of the elder statesmen of the evangelical world in the twentieth century has written an outstanding commentary that, in spite of its age, has continued to hold its own alongside other more recent works. Any book written by Stott is worth obtaining. Age has not tarnished its luster. This is a nontechnical work that can be used by both pastors and laypersons. “A beautiful blending of Bible teaching and practical theology” (Barber, 182). “One of the most useful conservative commentaries on these epistles, so far as the preacher is concerned” (Carson, 154).

James Rosscup - Here is a recent lucid, stimulating work by a gifted writer who has served as rector of the All Souls (Anglican) Church, Langham Place, London. Several New Testament scholars have hailed it as an outstanding commentary from the standpoint of exegesis, exposition and warm application. It was listed among 22 “Choice Evangelical Books of 1964” in Christianity Today (February 12, 1965, p. 16). Stott displays a vast breadth of reading in the best conservative works on the Johannine epistles. This 1988 version updates the 1964 original.

[Sam Storms review](#) - This is far and away the best commentary that Stott has written on any NT book. It is also the first commentary that I would recommend for the student to purchase. It was revised and expanded in 1988 to take into account more recent studies of the Johannine literature. Although he interacts with the Greek text, this commentary is accessible to students of the English Bible as well. Get it!**

[The Epistles of John in The New International Commentary on the New Testament](#) - I Howard Marshall

[Sam Storms](#) - 1978. Marshall writes from an Arminian perspective. His commentary is second only to Stott for evangelical readers. It is thorough and always fair in its treatment of controversial issues. Highly recommended.*

[John Cereghin \(Baptist Pastor\)](#) - Simply written and ably brings together a good deal of previous scholarship without getting bogged down in minutiae. This is a very good commentary.

Robert Yost - This commentary is a very fine treatment of these epistles by the senior lecturer in NT exegesis at the University of Aberdeen, Scotland, and one of the finest NT scholars of the twentieth century. Marshall’s approach is scholarly, but also accessible to the nonspecialist. An excellent effort! “Keen ability to follow the thought of a book and articulate it with clarity” (Rosscup, 331). “Much ... value to the preacher. The book is simply written and ably brings together a good deal of previous scholarship without getting bogged down in minutiae.... A very good commentary” (Carson, 153). “Characterized by careful augmentation, balanced judgment, and clear and understandable presentation of current scholarly discussions and of complex exegetical issues” (Bauer, 387). Arminian.

[Cyril Barber](#) (page 62) - New International Commentary on the New Testament. Grand Rapids: Wm. B. Eerdmans Publishing Co., 1978. An extensive introduction that adequately surveys the historical and textual background of these letters is followed by a careful exposition of John’s epistles in the order in which they were written. Provides interested readers with a complete and satisfying treatment.

James Rosscup - Like Ryrie and Stott, Marshall has keen ability to follow the thought of a book and articulate it with clarity. He often is helpful on stating views gleaned from the literature and is up-to-date. His use of the Greek, good footnotes, and detail on many of the problem verses make this a very good evangelical commentary by one of the best New Testament scholars in the British Isles (ca. 2001 he retired from being head of the New Testament Department at King’s College, University of Aberdeen, Scotland).

[Epistles of John & Jude : a self-study guide](#) by Jensen, Irving

[The Gospel and epistles of John](#) 160 pages, 1970. F F Bruce

[John Cereghin \(Baptist Pastor\)](#) - A brief, popular exposition. Defends apostolic authorship (15); gives a short introduction (25-33); holds that the words “world” and “life” are key words of John (36); stresses the role of Christ as Advocate (49); teaches the coming of a future Antichrist (67ff); has a note rejecting the authenticity of the passage on the three heavenly witnesses (129-130).

[Sam Storms](#) - This is one of the first commentaries on John's letters that I read. As always, Bruce is precise in his explanation of issues. It is brief but worthy of your study.

[The Epistles of John : \[an expositional commentary\]](#) - Boice, James Montgomery. Grand Rapids: Zondervan, 1979.

[Sam Storms review](#) - This commentary is based on Boice's sermons. Although not a detailed interaction with the text, it is theologically and homiletically helpful.

Robert Yost - This well-written and informative volume is a popular compilation of expositions of the text by a noted Presbyterian pastor. This commentary is very helpful for the pastor or general reader. Reformed.

[The Johannine Epistles : based on the Revised Standard version](#) by Grayston, Kenneth

Cyril Barber - New Century Bible Commentary. Grand Rapids: Wm. B. Eerdmans Publishing Co., 1984. Following a brief but adequate introduction, Grayson reappraises Johannine scholarship, and though some of his views differ from those of others who have written on these epistles, readers are nevertheless treated to a discussion that is spiritually stimulating and culturally apropos.

[Sam Storms review](#) - Like most volumes in this series, this one is brief but helpful.

[The Expositor's Bible Commentary](#) - 1994 edition - Abridged - New Testament

[Sam Storms review](#) - Barker, G. W. *1 John, 2 John, 3 John*. The Expositor's Bible Commentary, vol. 12. Grand Rapids: Zondervan, 1981. This is an evangelical and conservative treatment of the Johannine epistles that is designed for those without a knowledge of Greek. It tends to be too brief at times.

[The Interpretation of the Epistles of St. Peter, St. John and St. Jude](#)- R C H Lenski (excellent Lutheran commentator)

Robert Yost - "Aims to force the student to think through the Greek text and stimulate exegetical rigor, but his grasp of Greek is mechanical, amateurish, and without respect for the fluidity of Greek in the Hellenistic period. The series is marred by a militant or even angry tone in defense of orthodox Lutheranism" (Carson, 24). To be fair, I purchased this set and used it extensively during my seminary years and found it quite useful and of great help in exegesis. It was my shield at my right hand during my years of Greek study. Lutheran. Amillennial.

[1-3 John](#) by Thompson, Marianne Meye -- [see below](#)

James Rosscup - A lucid 168-pp., crisp exposition with some application in a flow for popular, general use. In a number of verses the book helps, at others it frustrates due to passing by views and reasons, or lacks sufficient comments. Much generalizing leaves an impression that in order to be seen as saved one must live an ideally perfect life (cf. 43), yet at other points one reads that Christians sin (45). The work has a healthy clarity that real grace, distinct from cheap so-called (but not genuine) grace (51) elicits confession of sin and seeking obedience to God. Such a life with God helps one's assurance to be a properly experienced reality, as in 2:3 (51), even this by grace. Some statements are quite helpful, as "righteous conduct does not make us God's children. Rather, such conduct is the consequence or expression of a relationship that already exists" after rebirth (87). Many issues are left in a blur, for instance "God's seed remains" (3:9).

[Sam Storms review](#) - Although brief and non-technical, Thompson has helpful insights. It is not as good, however, as Stott or Marshall.

[The Epistles of John](#) by Hobbs, Herschel H

[The Bible Exposition Commentary](#) or [Bible Exposition Commentary](#) - Ephesians through Revelation - Warren Wiersbe

Rosscup - One of America's most appreciated staunchly evangelical Bible conference teachers gives diligent, refreshing expositions. These are all of his 23 separate, earlier books in the "Be" series on the New Testament. He strikes a particular appeal with lay people as he crystallizes sections, deals with some of the verses, handles certain problems and backgrounds and applies principles. He is premillennial.

[The letters of John the Apostle : an in-depth commentary](#) by Burdick, Donald W

James Rosscup - This is far more detailed in getting at issues than his Everyman's Commentary effort of 1970. It is a diligent conservative product on Greek syntax, word meaning and theology, and follows the line of thought through the epistles well. The introduction (pp. 3-92) takes up the background, authorship, date, place, recipients, occasion, purpose, character and content of I John. Later, he also has introductions to II and

III John. He believes that I John gives grounds for assurance, tests of practice that can provide valid assurance (cf. pp. 81–82). Though copious in aspects of grammar that open up the books, Burdick is more lucid than Westcott's helpful exegetical work of the past, and certainly one of the best now on the Greek. At some points one ought to go to longer discussions of views and issues in Brown, and also consult Brooke, Marshall, Plummer, Smalley, and Strecker etc. on technical matters, Marshall and Smalley also for more on studies of recent years.

Cyril Barber - Written for lay people. This work is designed to lay bare the meaning of John's letters for his own time and ours as well. Clear and cogent.

[The Epistles of John](#) by Burdick, Donald W

James Rosscup - A part of the Everyman's Bible Commentary series, this work by a careful evangelical New Testament scholar from Denver Seminary is quite perceptive on problems and good as a brief commentary.

[Sam Storms review](#) - This volume is similar in approach and perspective to Hiebert. Very helpful.

[John Cereghin \(Baptist pastor\)](#) - A careful exposition with an analysis of the ascending stages, or spiral, in John's thought. The writer sees John's basic purpose in writing as being to develop a correct view of Christ will result in a life of love and righteousness. Good for Bible study classes. ! 1985 (different than above). Not to be overlooked although not always to be trusted. Almost 500 pages, it attempts to offer exegesis of the Greek text, theological comment, present-day application and some comment on structure. But beware: its approach to Greek somehow manages to be simultaneously painstaking and mechanical, partly because the work is linguistically uninformed. The style is a bit stodgy.

[1, 2, 3 John : Bible study commentary](#) by Vaughan, Curtis

[The Epistles of John](#) by Marshall, I. Howard, author

James Rosscup - Like Ryrie and Stott, Marshall has keen ability to follow the thought of a book and articulate it with clarity. He often is helpful on stating views gleaned from the literature and is up-to-date. His use of the Greek, good footnotes, and detail on many of the problem verses make this a very good evangelical commentary by one of the best New Testament scholars in the British Isles (ca. 2001 he retired from being head of the New Testament Department at King's College, University of Aberdeen, Scotland).

[Sam Storms review](#) - Marshall writes from an Arminian perspective. His commentary is second only to Stott for evangelical readers. It is thorough and always fair in its treatment of controversial issues. Highly recommended.*

Cyril Barber - An extensive introduction that adequately surveys the historical and textual background of these letters is followed by a careful exposition of John's epistles in the order in which they were written. Provides interested readers with a complete and satisfying treatment.

[1, 2, 3 John - Morris, Leon. "New Bible Commentary Revised](#), ed. D. Guthrie et al. Grand Rapids: Eerdmans, 1970.

[The Gospel according to St. John : Schnackenburg, Rudolf](#)

[Sam Storms review](#) - Translated by Reginald and Ilse Fuller. New York: Crossroad, 1992. Schnackenburg is deep and technical, somewhat liberal, but worth digging into for detailed exegetical insights on the Greek text and theologically important matters.

[1, 2, and 3 John](#) by Johnson, Thomas Floyd - New International Biblical Commentary

James Rosscup - Johnson identifies the writer of the Gospel of John as "The disciple whom Jesus loved" (20:20, 24), but sees these epistles as by an "elder," a different man (2). The concise verse comments are usually clear and well-reasoned, showing the idea of the Greek with Greek words transliterated, and with explanations of word meaning and grammar. Sections of added notes in smaller print take up some details. Some problems receive discussion, some are bypassed, in the latter category limited or unlimited atonement in I John 2:2, or interpretations of 2:12–14, or 5:16 (where much is not explained or not explained well). True, the commentary quite often is helpful, but uneven, and not one of the better all-around works one can more consistently count on.

[Sam Storms review](#) - This series is generally evangelical but brief in scope.

[The message of John's letters : living in the love of God](#) by Jackman, David

Cyril Barber - Relates the message of these letters to the moral issues and theological climate of John's day. Builds upon Stott's cyclical (or spiral) theme of the content of the first letter, and treats the other letters as emphasizing truth and love. A noteworthy contribution.

[Sam Storms review](#) - Although I have not used this commentary much, most in the BST series are evangelical in theology and quite helpful.

[The Epistles of John : Strauss, Lehman](#) - devotional commentary

[1, 2, 3 John](#) by Smalley, Stephen S - Word Biblical Commentary

James Rosscup - This ranks high with Brown, Burdick and Marshall in recent years. Smalley is excellent in helping the reader be up on views and arguments from recent years, drawn from massive research, and is second only to Brown in this regard. He is usually quite full in discussing issues so that he offers much help on verses, and does so with clarity, directness and confidence. He delves into changes in tense, many of the syntactical aspects, and doctrine. He sees the author of II and III John as John the presbyter, a Christian in the Johannine circle, and this same man may also have written I John, all in the A. D. 90's. Smalley often makes good choices on views, and tends to give definite reasons for them. He sees charisma (2:20, 27) as both the Spirit and the Word; 3:4–10 relates to a potential state without sin, but in practice Christians do sin (1:8–2:2). Sin in 5:16–17 is apostasy, willful disobedience, etc. He is not clear on whether the saved can lose salvation.

Robert Yost - This volume is a moderately conservative offering in the uneven WBC series by the Canon Residentiary and Precentor of Coventry Cathedral in England. Smalley is a Johannine scholar who has provided particularly good bibliographies at the beginning of each major section according to the series' protocol. This commentary was revised in 2007. "At his best when he is summarizing and interacting with the positions of others" (Carson, 152).

Cyril Barber - This is a scholarly work that is well deserving of careful reading. Following a thorough introduction (pp. xvii-xxxiv), Smalley treats his readers to a word-by-word or phrase-by-phrase exposition. His comments are judicious as well as insightful. This volume, for all its merit, shares the limitations of the series. It is well researched and exegetically helpful but manifests a weakness in treating the theme of these letters and fails to complete what has been begun by applying the teaching of the passage to the life of the reader

[Sam Storms review](#) - Smalley's volume is excellent and is designed for those with a working knowledge of Greek. It is generally evangelical in approach and is especially helpful in presenting detailed arguments both pro and con on controversial issues.*

[Exploring 1, 2, 3 John](#) by Vines, Jerry

Cyril Barber - This work will be warmly received by Bible students of all persuasions. Vines deals admirably with the theme of each of John's letters. The way in which he has outlined, illustrated, and expounded each section makes his application of the truth to life easy to grasp. Recommended.

[The Epistles of John](#) by Brown, Raymond Edward

James Rosscup - Many rate this as the best work on these epistles in view of its extensive discussion of issues and the skill in which the famous Roman Catholic scholar handles so many aspects. He is highly-informed exegetically, full in consideration of views and lines of reasoning, and has a tone of respect for the truthfulness and relevance of the message. If the expositor, teacher or lay person wants a commentary that looks at just about every side of a matter in a readable manner and with authoritative grasp of the literature, he will consult this work. The same is true of Brown's detailed commentary on the Gospel of John. Brown, however, will not always agree with a reader's convictions, as when he favors John the Presbyter as the author. The sheer length will not please some, but the diligent and serious will find the source very useful.

Robert Yost - The author, like Schnackenburg, is a highly respected Roman Catholic Johannine scholar who has produced a major work on John's gospel. This work shows that he has leaned a bit to the left since publishing the gospel commentary over a decade earlier. "The exegetical comments are often incisive" (Carson, 152).

[Cyril Barber](#) - Meticulous in detail, exhaustive in analysis, persuasive in argument, this study provides the best answers available to questions and controversies that have troubled scholars and non-scholars alike ever since these epistles first saw the light of day. In addition to the superb analysis, Brown also brings to life those to whom these letters were sent, reminding us that the epistles were written by a person for real people of the

first century A.D. A model of biblical study

[Sam Storms](#) - This volume is by one of the leading Catholic scholars of our day. It is deep and detailed and has become the standard by which all other commentaries on John's letters are judged.*

[Life at its Best](#) 1 John by Roy I. Laurin

Cyril Barber - First published in 1957, this work provides lay readers with a commendable application of the text to the needs of Christians today. Practical.

[Open letter to Evangelicals](#) by R.E.O. White

James Rosscup - A Baptist minister presents both a commentary with occasional deep insight and some penetrating applications to spiritual life, ethics, and other particulars. It is a verse-by-verse devotional and homiletical exposition which sometimes deals with problems including the difficult passage in 1 Jn 3:4–10.

Rosscup - This work, originally issued in 1983, is conservative and premillennial, written to help teachers, preachers and people in every walk of life with different views, explanation and application. The 2-column format runs verse by verse for the most part, usually in a helpfully knowledgeable manner, and there are several special sections such as "Prayer" in Acts and "Legalism" in Galatians. Rosscup - Conservative and premillennial scholars here have been experts in their fields. The work contains brief introductions and attempts to give a verse-by-verse exposition, though it does skip over some verses. The treatments vary with the authors, but as a whole it is a fine one-volume commentary for pastors and students to use or give to a layman. Outstanding sections include, for example: Whitcomb on Ezra-Nehemiah-Esther; Culver on Daniel; Ladd on Acts; Harrison on Galatians; Johnson on I Corinthians; and Ryrie on the Johannine Epistles.

[The New Inductive Study Bible : updated New American Standard Bible](#) - Introductions of each book give suggestions how to perform an inductive study on that specific book. Not strictly speaking a "study Bible" with notes but a Bible to help you study inductively. Has wide margins for making notes. This is one that works best in "paper," not digitally.

Rosscup - A much-used older evangelical handbook bringing together a brief commentary on Bible books, some key archaeological findings, historical background, maps, quotes, etc. It is helpful to a lay Bible teacher, Sunday School leader, or pastor looking for quick, pertinent information on a Bible book. This is the 72nd printing somewhat revised. Halley packed in much information. Unger's is better overall, but that is not to say that Halley's will not provide much help on basic information.

[The Shaw Pocket Bible Handbook](#) - Editor - Walter Elwell (1984) 408 pages.

[Wiersbe's Expository Outlines on the New Testament](#) by Wiersbe, Warren W

[Cyril Barber](#) - This is a book of exceptional merit. Pastors, missionaries, and Christian workers will profit from its use. Wiersbe introduces each book of the NT, provides an outline, and then furnishes his readers with a chapter-by-chapter discussion of the contents. The homiletic style is a "plus." Recommended.

[Dictionary of the later New Testament & its developments 71 ratings](#) IVP Series

The third of IVP's critically acclaimed series of dictionaries of the New Testament provides focused study on the often-neglected portions of the New Testament: Acts, Hebrews, the General Epistles, and Revelation. Furthermore, its scope goes beyond the life of the New Testament church to include the work of the apostolic fathers and early Christianity up through the middle of the second century.

[Dictionary of New Testament background 79 ratings](#) IVP Series

In a time when our knowledge of the ancient Mediterranean world has grown by leaps and bounds, this volume sets out for readers the wealth of Jewish and Greco-Roman background that should inform our reading and understanding of the New Testament and early Christianity. The Dictionary of New Testament Background takes full advantage of the flourishing study of the Dead Sea Scrolls and offers individual articles focused on the most important scrolls. In addition, the Dictionary encompasses the fullness of second-temple Jewish writings, whether pseudepigraphic, rabbinic, parables, proverbs, histories or inscriptions. Articles abound on aspects of Jewish life and thought, including family, purity, liturgy and messianism. The full scope of Greco-Roman culture is displayed in articles ranging across language and rhetoric, literacy and book culture, religion and cults, honor and shame, patronage and benefactors, travel and trade, intellectual movements and ideas, and ancient geographical perspectives. No other reference work presents so much in one place for students of the New Testament. Here an entire library of scholarship is made available in summary form.

WORD STUDY RESOURCES GREEK AND HEBREW

NOTE - All of these resources can be borrowed from archive.org. This list also includes resources to help study the Bible.

See also the [list of Word Study Resources](#)

[The Complete Word Study Dictionary: New Testament](#) by Zodhiates, Spiros - This is my "go to" resource for Greek word studies. One of the best lexicons for laymen. Highly Recommended for Greek Word Studies to aid your interpretation of a passage.

[Analytical Lexicon of the Greek New Testament](#) by Friberg, Timothy. Shorter definitions than Zodhiates but does an excellent job in summarizing the various nuances of a specific Greek word. One of my favorites.

[Shorter Lexicon of the Greek New Testament](#) by Gingrich, F. Wilbur. Similar to Friberg but shorter definitions. Gingrich however gives more Scriptures for each nuance, whereas Friberg generally gives only one representative Scripture.

[The New Linguistic and Exegetical Key to the Greek New Testament](#) by Rogers, Cleon - This book is a gold mine of little gems on individual Greek words in any NT passage you are studying. If you have time it is always worth checking out! I use it in my [Greek word studies](#) all the time.

[The New International Dictionary of New Testament Theology](#) (NIDNTT) - Colin Brown, general editor - all three volumes (total 3351 pages) are available and allow copy and paste and all 3 of the volumes below are available at the [same link](#). [New Testament Words](#) - William Barclay - [59 ratings](#) very interesting resource - covers about 70 NT Greek words in Barclay's unique style. On page 289 there is a helpful index of English words with the corresponding Greek word, in turn followed by the places Barclay described them in [New Testament Words](#) and in his Daily Study Bible series ([see list of DSB commentaries here](#)). E.g., take

the Greek word for "Covetousness" which is pleonexia and is found in [New Testament Words](#) on page 61 and pp 233-235 and is also described in the Daily Study Bible entries for : [Mark 7:14-23](#); [Ro 1:28-32](#); [Eph. 4:17-24](#); [Col. 3:5](#). So you can click the [DSB commentary on Mark 7](#) and scroll down to [Mark 7:14](#) to see Barclay's entry for pleonexia which concludes "Pleonexia (G4124) is that lust for having which is in the heart of the man who sees happiness in things instead of in God." Interesting!

[Greek-English lexicon of the New Testament : based on semantic domains](#) - Louw Nida. Brief but nice definitions. Not easy to use - you need to know some Greek. Classifies Greek words into 93 "semantic domains" (see list on page XXV) and if you can categorize the word you are looking for in one of the domains, it can help find the specific word you are interested in.

Robert Yost - "This lexicon takes a novel approach by outlining NT words into their semantic domains, such as People, Danger, Help, Value, Time, etc. The reader then has quick access to the synonyms of the NT, an important tool in defining words. Knowledge of Greek is necessary, but with concentrated effort, an English reader can learn to use this important resource" (Stout).

[Kittel's Theological Dictionary of the New Testament : abridged in one volume](#) (TDNT) - Classic ("Little Kittel") work summarizing the 10 volume set by Kittel. For most of us the abridged definition is "more than enough!"

[A Greek-English lexicon of the New Testament, and other early Christian literature](#); by Bauer, W., F. Danker, W. Arndt, and F. W. Gingrich. More detailed definitions but need to know Greek. Zodhiates and Friberg much easier to use.

Robert Yost - This essential resource is the standard lexicon for students and scholars of the Greek NT. It is a translation and adaptation of Walter Bauer's Griechisch-Deutsches Wörterbuch zu den Schriften des Neuen Testaments und der übrigen urchristlichen Literatur by Arndt and Gingrich and then updated by Danker. This meticulous work has superseded all previous English lexicons.

[Liddell and Scott's Greek-English lexicon, abridged : the little Liddell](#) by Liddell, Henry George. The abridged version. You need to know Greek to use.

[Exegetical dictionary of the New Testament](#) (Volume 1 - A thru E); [Exegetical dictionary of the New Testament](#) (Volume 3- P thru ...) Volume 2 not available. I do not find this adds much to the easier to use resources like Zodhiates and Friberg.

[A pocket lexicon to the Greek New Testament](#) by Souter, Alexander. Brief definitions. Need to know some Greek. Not that helpful.

[Hebrew honey : a simple and deep word study of the Old Testament](#) by Novak, Alfons, (332 pages) Indexed by English words. No Strong's numbers to help you determine if you are researching the correct Hebrew word. Here is a "work around" - go to page 289 and see if there is an annotation of the Scripture you are studying. E.g., say you want to see if there is anything for "heart" in [Ezek 11:19](#). In the Scripture list find an entry for [Ezek 11:19](#) with the English word "Heart." Now go look up "Heart" (on page 123). It does take some effort, but you might glean an insight not described in other Hebrew lexicons.

[Nelson's Expository Dictionary of the Old Testament](#) by Unger, Merrill. Indexed by English word and then any related Hebrew nouns or verbs. Definitions are solid and geared to the lay person.

HENRY ALFORD

James Rosscup writes that "This was the great work in the life of the versatile Dean of Canterbury. An outcome of this production was the New Testament for English Readers (4 vols.). Alford was a Calvinist, conservative and premillennial, though not dispensational. He takes a literal interpretation of the thousand years in [Rev. 20](#) and has a famous quote there, is strong on sovereign election as in Ro 8:29, 30 and 1Pe 1:2, but, unfortunately, holds to baptismal regeneration in such texts as Titus 3:5 and John 3:5. He shows a great knowledge of the Greek text and faces problems of both a doctrinal and textual nature." ([Commentaries for Biblical Expositors: An Annotated Bibliography of Selected Works](#))

John Piper writes ""When I'm stumped with a...grammatical or syntactical or logical [question] in Paul, I go to Henry Alford. Henry Alford...comes closer more consistently than any other human commentator to asking my kinds of questions."

Charles Haddon Spurgeon writes that this text "is an invaluable aid to the critical study of the text of the New Testament. You will find in it the ripened results of a matured scholarship, the harvesting of a judgment, generally highly impartial, always worthy of respect, which has gleaned from the most important fields of Biblical research, both modern and ancient, at home and abroad. You will not look here for any spirituality of thought or tenderness of feeling; you will find the learned Dean does not forget to do full justice to his own views, and is quite able to express himself vigorously against his opponents; but for what it professes to be, it is an exceedingly able and successful work. The later issues are by far the most desirable, as the author has considerably revised the work in the fourth edition. What I have said of his Greek Testament applies equally to Alford's New Testament for English Readers,* which is also a standard work." ([Spurgeon, C. H. Lectures to my Students, Vol. 4: Commenting and Commentaries; Lectures Addressed to the students of the Pastors' College, Metropolitan Tabernacle](#))

Robert Yost - This four-volume set by the renowned Dean of Canterbury is a recognized classic. This revision is an update of the original 1894 edition. It is still quite helpful in exegetical matters, but should be supplemented with more recent works. Should be purchased if found in a secondhand store. A real treasure! "He shows great knowledge of the Greek text and faces problems of both a doctrinal and textual nature" (Rosscup, 195). Reformed. Anglican. Premillennial.

WILLIAM BARCLAY

James Rosscup: This is a lucid and well-organized exposition of the epistles with many helpful lists on different facets of truth John can have in mind at different points as on "light" and "darkness" in [1 John 1:5](#). There is stimulating background material and warm application. (Commentaries for Biblical Expositors: An annotated bibliography of selected works).

D Edmond Hiebert - Prints the author's own translation. A series of popular studies whose strong point is word study. Contains good illustrative material. Part of the author's interpretation follows a liberal position. Barclay holds that Christ's descent into Hades gave those who there heard Him a second chance.

Robert Yost - This hugely popular set of commentaries was originally published by Saint Andrew Press, the Church of Scotland's publishing house. Barclay, professor of divinity and biblical criticism at the University of Glasgow in the middle of the twentieth century, intended to make the best of biblical scholarship available to the average reader. The result was a tremendously popular set of commentaries known for the author's turn of phrase and homiletical insight. His questionable interpretations of the Gospels are quite obviously influenced by critical scholarship and negate the value of this set. However, if it can be obtained secondhand at a reasonable price, this set is worth obtaining if one can sift the wheat from the chaff.

Comment: I appreciate Barclay's unique insights on Greek words, but clearly his teaching about a "second chance" is NOT sound doctrine! Be an [Acts 17:11](#) Berean with Barclay. [See discussion of his orthodoxy](#) especially the article "[The Enigmatic William Barclay](#)".

- [1 John 3 Commentary](#)

ALBERT BARNES

James Rosscup writes that Barnes "includes 16 volumes on the Old Testament, 11 on the New Testament. The New Testament part of this old work was first published in 1832–1851. Various authors contributed. It is evangelical and amillennial...Often the explanations of verses are very worthwhile." ([Commentaries for Biblical Expositors: An Annotated Bibliography of Selected Works](#))

C H Spurgeon "Albert Barnes is a learned and able divine, but his productions are unequal in value, the gospels are of comparatively little worth, but his other comments are extremely useful for Sunday-school teachers and persons with a narrow range of reading, endowed with enough good sense to discriminate between good and evil....Placed by the side of the great masters, Barnes is a lesser light, but taking his work for what it is and professes to be, no minister can afford to be without it, and this is no small praise for works which were only intended for Sunday-school teachers." A E BROOKE

James Rosscup: This ICC work rates with Westcott as one of the top two detailed older commentaries of a technical nature based on the Greek text. (Commentaries for Biblical Expositors: An annotated bibliography of selected works).

Hiebert's critique - Greek text. Long recognized as a classic commentary on the Johannine epistles. First published in 1883. Bruce has updated the introductory material and provided a summary of the discoveries and developments since Westcott's time.

Robert Yost - A critical work that still retains some value for its exegetical insights and comments on the Greek text. However, its theology is extremely suspect and totally out of touch with evangelical biblical theology. "A standard in its day" (Carson, 154).

- [1 John 3 Commentary](#)

JOHN CALVIN

James Rosscup - Calvin was not only a great theologian but also a great expositor, and his insight into Scripture contributed to his grasp of doctrinal truth. His commentaries are deep in spiritual understanding, usually helpful on problem passages, and refreshing in a devotional sense to the really interested reader. He usually offers good help on a passage. The present work skips Judges, Ruth, Samuel, Kings, Chronicles, Ezra, Nehemiah, Esther, Job, Ecclesiastes, Song of Solomon, II and III John and Revelation. Calvin is amillennial on long-range prophecy, but in other respects usually has very contributive perception on passages and doctrinal values edifying to the believer. He also can be very wordy, but the serious and patient glean much.

- [1 John 3 Commentary](#)

CAMBRIDGE GREEK TESTAMENT - Alfred Plummer

Cyril Barber - This....1886 commentary from the Cambridge Greek Testament series readily interacts with critical issues raised by the publication of the NT texts of Tischendorf and Tregelles. Plummer then treats these letters in a most commendable way, providing some unique insights into the thought of the apostle and the nuances of the original text. ([The Minister's Library, Volume 2](#))

James Rosscup writes "Though old, this is a good study from the Greek text which will be helpful in any more advanced study of the epistles. There are other works more highly recommended, however." ([Commentaries for Biblical Expositors: An Annotated Bibliography of Selected Works](#))

Robert Yost - This commentary, based upon the Greek text, is by a nineteenth- and early twentieth-century Anglican scholar and theologian who taught at University College, Durham, for almost thirty years. This volume is marked by an extensive introduction and careful critical notes. This is for the advanced student who possesses good command of Greek. "Not his finest hour" (Carson, 156).

- [1 John 3 Commentary](#)

ROBERT CANDLISH

Spurgeon commenting on this commentary wrote "We set great store by these lectures. A man hardly needs anything beyond Candlish. He is devout, candid, prudent and forcible." ([Commenting and commentaries](#))

Cyril Barber - A true classic. Rich in insights, it makes rewarding reading. When we consider that these studies were really sermons delivered to the congregation of which Candlish was the pastor, it would be encouraging to see laypeople buying and reading this work today. Reprinted from the 1877 edition. Recommended. (The Minister's Library, Volume 2)

Robert Yost - This classic treatment by a nineteenth-century Scottish churchman is not a commentary as such, but rather a series of expository messages. They are warm and eminently readable and eminently practical. "A moving portrait of Christ, and the believer's relationship to Him" (Barber, 181).

ADAM CLARKE

James Rosscup - This old, conservative Wesleyan Methodist work is good devotionally and aggressive for righteous living. Laypeople can find it still valuable today. It is Arminian in viewpoint and thus helpful, for example, in showing the reader how this approach deals with texts involving the eternal security question. The work contains much background material from many sources on all books of the Bible.

Spurgeon - Adam Clarke is the great annotator of our Wesleyan friends; and they have no reason to be ashamed of him, for he takes rank among the chief of expositors. His mind was evidently fascinated by the singularities of learning, and hence his commentary is rather too much of an old curiosity shop, but it is filled with valuable rarities, such as none but a great man could have collected....If you have a copy of Adam Clarke, and exercise discretion in reading it, you will derive immense advantage from it, for frequently by a sort of side-light he brings out the meaning of the text in an astonishingly novel manner. I do not wonder that Adam Clarke still stands, notwithstanding his peculiarities, a prince among commentators. I do not find him so helpful as Gill, but still, from his side of the question, with which I have personally no sympathy, he is an important writer, and deserves to be studied by every reader of the Scriptures.

EXPOSITOR'S GREEK TESTAMENT - DAVID SMITH

Hiebert - Greek text. Important for linguistic study of the epistles. Defends Johannine authorship. The

viewpoint is essentially conservative.

Rosscup - This is a thorough exegesis of the Greek text. It is considered to be one of the standard tools for exegetical study.

GEORGE FINDLAY

Robert Yost - This classic work, first published in 1909 by a renowned English Methodist educator and biblical scholar who died about a century ago, is based on the Greek text and still retains its usefulness though it has been superseded by more recent commentaries. Still it remains an outstanding treatment of the text as well as a practical exposition. "An outstanding exposition.... Dedicated scholarship combined with rare spiritual insight makes this a first-rate work" (Barber, 182). "A devotional classic, justly famous, to which pastors have turned again and again" (Evans, 422). Wesleyan.

D EDMOND HIEBERT

James Rosscup has the following note on Hiebert's book [The Epistles of John An Exegetical Commentary](#). Note that the links below are to Hiebert's articles in Bibliotheca Sacra which form the basis for his formal published work. Thus Rosscup writes that Hiebert's work "is one of the best medium-length (here 371-pp.) explanations that is serious and clear to deal with most key matters, not pass them by. Hiebert sees ways to have assurance of real salvation, and 1Jn 5:13 as a key for the whole epistle, not confining its focus to details in 1Jn 5:1-12 or 1Jn 5:11,12 (251–52). He views 1Jn 5:16 as a case of a saved person praying for another saved person who receives "life" in the sense of restoration and promotion of his spiritual welfare (260). He usually takes a stand on what a phrase means, gives reasons, and is plain. His comments in the main body, his extensive bibliography (351–60), and frequent footnote references to good sources all exemplify his earnest attempt to give readers light." ([Commentaries for Biblical Expositors: An Annotated Bibliography of Selected Works](#))

Cyril Barber (also referring to the book as does Rosscup) - Hiebert, a Mennonite NT scholar, delves into the letters of John to extract from them the truths that underscore the Christian life and find expression in the kind of walk that pleases the Lord. While he uses the text of the KJV for the benefit of his readers, he works from the original Greek text for his exposition, combining sound exegesis with devotional comments on the text. Here is a volume that is illustrative of the best evangelicalism has to offer. Recommended. (The Minister's Library, Volume 3)

H A IRONSIDE

James Rosscup - He is staunchly evangelical, showing good broad surveys based on diligent study, practical turns, even choice illustrations. In prophecy he is premillennial dispensational....Many preachers have found that Ironside works, read along with heavier books on details of exegesis, help them see the sweep of the message and prime their spirits for practical relevance.

- [1 John 3 Commentary](#)

IVP COMMENTARY - Marianne Meye Thompson

James Rosscup writes "A lucid 168-pp., crisp exposition with some application in a flow for popular, general use. In a number of verses the book helps, at others it frustrates due to passing by views and reasons, or lacks sufficient comments. Much generalizing leaves an impression that in order to be seen as saved one must live an ideally perfect life (cf. 43), yet at other points one reads that Christians sin (45). **The work has a healthy clarity that real grace, distinct from cheap so-called (but not genuine) grace (51) elicits confession of sin and seeking obedience to God.** Such a life with God helps one's assurance to be a properly experienced reality, as in 1Jn 2:3 (51), even this by grace. Some statements are quite helpful, as "righteous conduct does not make us God's children. Rather, such conduct is the consequence or expression of a relationship that already exists" after rebirth (87). Many issues are left in a blur, for instance "God's seed remains" (1Jn 3:9)." ROBERT LAW

Robert Yost - This classic, originally published the same year as Findlay's similar work, is now regrettably out of print and almost unobtainable except online. It covers only the first epistle and should be purchased if found. Its treatment of the book is really exceptional and has influenced generations of pastors and scholars alike. "This unique contribution covers a major portion of the first epistle, provides timely discussion on theological and Christological themes, and includes the doctrine of sin, the account of propitiation, and the tests of righteousness, love, and belief" (Barber, 182).

JOHN JAMES LIAS (1887)

Cyril Barber - One of the finest exegetical and expository works for preachers. Provides an excellent basis for a series of sermons. Deserves a place in the library of every minister and lay preacher. (The Minister's Library - Volume 2)

[Hiebert's critique](#) - A full, conservative exposition of 1 John by a British preacher and scholar. **At the bottom of each page, in smaller type, is added a homiletical treatment of the epistle.** (Nice addition!)

Robert Yost - This book is a scholarly, but not technical, commentary that is a masterpiece of exposition. The chapters of this book appeared originally serially in Homiletical Magazine. It is a welcome addition to Klock & Klock's LCRL. "A conservative and scholarly exposition defending the genuineness of the epistle and containing some valuable exegetical insights" (Barber, 182).

- 15th [Becoming Pure \(1 John 3:2-3\)](#) — Thank God for simple soap that helps wash us clean when we are stinky, greasy or muddy! What is God's provision for purifying ourselves after we fall into the pit of sin?
- 16th [Taking Away Sins \(1 John 3:4-5\)](#) — What was the purpose of Jesus Christ being born in our world? How does the giving of His life affect the recurring death, darkness, and hatred that exists today?
- 17th [Abide In Him \(1 John 3:6-8\)](#) — Christ's righteousness literally and radically revolutionizes lives. The power of His indwelling Presence is life-changing. Have we in faith accepted the abiding Truth?
- 18th [One Or The Other \(1 John 3:9-10\)](#) — How piercing, stunning, and incredible is today's passage of Scripture that is presented to us! What is the whole thrust behind God's gospel message to the world?
- 19th [The Path Of Love \(1 John 3:11-14\)](#) — Is one of our prerequisites for loving others that they love us first? Apart from having a new Life within we cannot at all evidence the love God commanded us to show.
- 20th [The Murderer Within \(1 John 3:15-18\)](#) — In our season here on earth everyone will have times filled with hate for another; and suppression just increases it. How do we return control to the One who is Love?
- 21st [The Christian's Tranquilizer \(1 John 3:19-20\)](#) — When we suffer loneliness, a guilty conscience, or our hearts feel pressured with condemnation, how do we avail ourselves the joy & healing power of His Presence?
- 22nd [Power In Prayer \(1 John 3:21-24\)](#) — Nothing is quite so boring as Christianity without Christ. An intimate relationship is immersed in communication. Is our daily prayer free & flowing or merely formulated?

James Rosscup writes "This work has long been ranked by many as the best older effort on the Greek text. It is detailed, thorough, and very useful for its incisive, definitive statements on problem areas as well as grammatical matters ([Commentaries for Biblical Expositors: An Annotated Bibliography of Selected Works](#)

Robert Yost - First published in 1883, this commentary has long been regarded as the classic treatment of the Greek text. In this 1966 edition, F. F. Bruce has updated the introductory materials and other important information and writings over the eighty-three years since its publication. "Detailed, thorough, and very useful for its incisive, definitive statements on problem areas as well as grammatical matters" (Rosscup, 333). Anglican.

ROBERT YARBROUGH - 1-3 JOHN (BECNT) - 2008

Robert Yost - This fine commentary in the excellent BECNT series is by a noted NT scholar and professor at Trinity Evangelical Divinity School. The introduction is a bit brief for a work of this nature, but overall this is a substantial addition to the Johannine literature. "He writes with color and verve; he is never leaden or boring. More important, he combines good exegesis, theological reflection, interaction not only with the most recent Johannine scholars but with two or three major figures in the past (notably Augustine, Calvin, and Schlatter), pastoral insight, and an independent judgment that means his work is always fresh. This is the place to start for pastors with functioning Greek" (Carson, 151).
