COMMENTARIES AND OTHER RESOURCES ARCHIVE.ORG

Explanation - The following list includes not only commentaries but other Christian works by well known evangelical writers. Most of the resources below are newer works (written after 1970) which previously were available only for purchase in book form or in a Bible computer program. The resources are made freely available by archive.org but have several caveats - (1) they do not allow copy and paste, (2) they can only be checked out for one hour (but can be checked out immediately when your hour expires giving you time to read or take notes on a lengthy section) and (3) they require creating an account which allows you to check out the books free of charge. To set up an account click archive.org and then click the picture of the person in right upper corner and enter email and a password. That's all you have to do. Then you can read these more modern resources free of charge! I have read or used many of these resources but not all of them so ultimately you will need to be a Berean ([Acts 17:11+](#)) as you use them. I have also selected works that are conservative and Biblically sound. If you find one that you think does not meet those criteria please send an email at <https://www.preceptaustin.org/contact>. The resources are listed in alphabetical order by the author's last name and some include reviews of the particular resource.

COMMENTARIES ON 1 Peter Which Can be Borrowed

[First Peter Commentary](#) 1984 by D Edmond Hiebert - THIS COMMENTARY IS HIGHLY RECOMMENDED!

[An Introduction to the New Testament](#) for introduction to 1 Peter by D Edmond Hiebert

[The Preacher's outline & sermon Bible : New Testament, King James Version](#) 1 Thessalonians, 2 Thessalonians, 1 Timothy, 2 Timothy, Titus, Philemon, Hebrews, James, 1 Peter, 2 Peter, 1 John, 2 John, 3 John, Jude, Revelation.

[Be hopeful](#) (1 Peter) by Wiersbe, Warren Or here - [Be hopeful](#)

[Bible Exposition Commentary - New Testament](#) - Wiersbe

[With the Word](#) by Wiersbe, Warren [430 ratings](#) Old and New Testament.

[Wiersbe's Expository Outlines on the New Testament](#) by Wiersbe, Warren W

[Cyril Barber](#) - This is a book of exceptional merit. Pastors, missionaries, and Christian workers will profit from its use. Wiersbe introduces each book of the NT, provides an outline, and then furnishes his readers with a chapter-by-chapter discussion of the contents. The homiletic style is a "plus." Recommended.

[First Peter](#) by McGee, J. Vernon'

[First Peter in the Greek New Testament for the English reader](#) by Wuest, Kenneth

[See another online site](#) that allows copy and paste

James Rosscup - Later available in paperback, this is one of Wuest's better works on a New Testament book. It is based on the Greek text though presented so that the English reader can have a lucid exposition. The word studies are sometimes good even if brief and aimed for simple use.

[First & Second Peter](#) by Barbieri, Louis

Cyril Barber - An excellent volume to place in the hands of laypeople. Barbieri makes available a clear, thematic, biblically sound exposition of the text.

James Rosscup - A 126-pp., brief exposition by a former professor of Bible at Dallas Seminary. Barbieri surveys with some reference to historical setting and awareness of Greek, dealing concisely with certain of the problem passages. The work is geared for devotional reading or a quick summation for lay Bible studies.

[The First Epistle of Peter : an introduction and commentary](#) by Grudem, Wayne (from Tyndale NT Commentary series)

Cyril Barber - Replaces the handy, readable and reliable work by A. M. Stibbs and A. F. Walls (See this work below). Grudem discusses the text and provides numerous valuable insights into the writer's theme and theology. A most important asset is the author's use of extra-biblical literature

James Rosscup - An evangelical work which is at many points a good one, informative about views and helpful in the Greek. He holds to double predestination in 2:8, and says that God destined the stumbling and disobedience of the unsaved (p. 106). At 3:19-20, he believes the spirits in prison are unsaved humans of Noah's day, who are now in prison. He has a special appendix going into the "spirits" passage at some length. His work replaces the former contribution by A. M. Stibbs and Andrew Walls. He favors traditional conservative views or, in the "spirits" case, his 36-page discussion takes one of the conservative options.

[The First epistle general of Peter](#); by Stibbs, Alan M.

James Rosscup - Stibbs has done a fairly thorough and discerning work. This is a very good commentary on the English but based on a careful study of the Greek.

[Hope in hurtful times : a study of 1 Peter : Bible study guide](#) by Swindoll, Charles

[New hope for life's challenges : reflections on 1 Peter](#) by Swindoll, Charles

[The message of 1 Peter : the way of the cross](#) by Clowney, Edmund P

Cyril Barber - Clowney is a master in the art of homiletics and expository preaching. In this work he places before his readers a devout and reliable commentary on Peter's first letter.

[The communicator's commentary. James, 1, 2 Peter, Jude](#) by Cedar, Paul A., (Now published as The Preacher's Commentary)

[The Expositor's Bible Commentary](#) - 1994 edition - Abridged - New Testament - Blum, Edwin. "I and II Peter," in Expositor's Bible Commentary,

James Rosscup - A perceptive evangelical work by a good scholar who offers help on problem verses and explains much of the material in a worthy way.

[1 Peter](#); by Best, Ernest

Cyril Barber - 'First published in England in 1971, this competent study has only one major drawback: it is based on the text of the RSV Users, however, can still keep the Greek text before them as they gain insights from Best's exposition

James Rosscup - Best taught at the universities of St. Andrews and Glasgow, retiring in 1982. He concludes that Peter did not write the letter but that it came from pseudonymous authorship in the Petrine school (p. 63) between A. D. 80–100 (64) from Rome (65). Best has stimulating remarks on many verses, e. g. 1:5; 2:2, 3. His systematic and somewhat detailed comments on 3:19 conclude that Christ went prior to His resurrection to preach to angelic spirits in their prison a message of salvation which they possibly rejected (or else the passage is not clear as to the result), linking the text with bound angels in II Peter 2:4; Jude 6 and I Enoch. 10ff. This is at many points a good commentary even though rather brief in many instances. Many will not be able to follow his preferred view and defense of it on 4:6: Christ offered the Gospel to those after their deaths who had physically died prior to His death, who never had the opportunity to hear it when they were alive. For that adds up to a "second chance," and Best's answers to objections appear to be rather lame.

[Trust and obey : a practical commentary on First Peter](#) by Adams, Jay Edward (Well known nouthetic counselor)

[The first epistle of Peter](#) by Cranfield, C. E. B

James Rosscup - Cranfield is an outstanding exegete and offers comments of a critical, exegetical nature that are concise but helpful. One could wish so great a master had said more detail, as he does on Romans.

[I & II Peter and Jude : introduction and commentary](#) by Cranfield, C. E. B

[The first epistle of Peter](#) by Davids, Peter H New International Commentary on the New Testament. or here [The first epistle of Peter](#)

Cyril Barber - "This commentary . . . is comprehensive, up-to-date, and well-balanced. It adopts a moderate but enlightened approach to the interpretation of 1 Peter and will be a boon to all students of the NT, to teachers, and to pastors." --Joseph A. Fitzmyer.

James Rosscup - Davids is known for his fine commentary on James. Here he has a 42-page introduction that reviews issues in an evangelical manner and discusses scholarly literature. A 266-page commentary follows, in which he capably handles the Greek and deals with the different views on problem passages.

[First and Second Peter](#) by Watson, Duane Frederick (Paideia Series on the NT)

[1 Peter : a commentary on First Peter](#) by Achtemeier, Paul J

[1 & 2 Peter : a self-study guide](#) by Jensen, Irving

[The theology of the letters of James, Peter, and Jude](#) by Chester, Andrew, Martin, Ralph

[1 and 2 Peter, Jude](#) by Hillyer, N (New International Bible Commentary)

[Commentary on First Peter](#) by Leighton, Robert, ([See note below](#) on this work in other formats)

[A commentary on the Epistles of Peter and of Jude](#) by Kelly, J. N. D. (John Norman Davidson)

Cyril Barber - First published in 1969. This commentary treats the text in a detailed and concise fashion. The thematic unfolding of each writer's material is highly commendable, and the word studies drawn from early Christian and pagan literature enhance the overall value of this commentary.

James Rosscup - This is one of the better commentaries for the serious student. Kelly shows good scholarship and insight, and usually is helpful on problems. He has taught at Oxford University. He posits a date of A. D. 64 for I Peter but is not firm on authorship by Peter. He feels that Peter did not author II Peter, but that it was written later (ca. 100–110). But he is excellent in exegesis of the text and grappling with issues and views. On many verses he has a lot to contribute.

[The First epistle of Peter : revised text, with introduction and commentary](#) by Johnstone, Robert

Cyril Barber - These concise studies faithfully expound the Greek text and provide a solid foundation for a series of relevant messages. Works of this nature are rare and should be obtained and used by every Bible-teaching preacher

Very well done conservative commentary that interprets Scripture from a literal perspective [user reviews](#)

The King James Version Bible Commentary is a complete verse-by-verse commentary. It is comprehensive in scope, reliable in scholarship, and easy to use. Its authors are leading evangelical theologians who provide practical truths and biblical principles. Any Bible student will gain new insights through this one-volume commentary based on the timeless King James Version of the Bible.

(2) [The King James Study Bible Second Edition](#) 2240 pages (2013) (Thomas Nelson) General Editor - Edward Hindson with multiple contributing editors. . [3,194 ratings](#). Pre-millennial. See [introduction on How to Use this Study Bible](#)

(4) [The Wycliffe Bible Commentary - only the New Testament](#) (for OT see below to borrow) - 1126 pages. (1971) Everett F Harrison - Editor of New Testament. Uses the KJV. Strictly speaking not a study Bible, but short notes are similar. KJV text in left column, commentary notes in right column. The comments are generally verse by verse, short, conservative and to the point. Pre-millennial.

[Dictionary of Biblical Imagery](#) - free for use online with no restrictions (i.e., you do not need to borrow this book). Editors Leland Ryken, J C Wilhoit, Tremper Longman III - This is a potential treasure chest to aid your preaching and teaching as it analyzes the meaning of a host of Biblical figures of speech. **Clue** - use the "One-page view" which then allows you to copy and paste text. One downside is there is no index, so you need to search 3291 pages for entries which are alphabetical.

John MacArthur, says "Concise yet comprehensive - the most complete single-volume commentary I have seen." Warren Wiersbe adds "For the student who is serious about seeing Christ in the Word." One hour limit.

Rosscup - This work, originally issued in 1983, is conservative and premillennial, written to help teachers, preachers and people in every walk of life with different views, explanation and application. The 2-column format runs verse by verse for the most part, usually in a helpfully knowledgeable manner, and there are several special sections such as "Prayer" in Acts and "Legalism" in Galatians. The premillennial view is evident on [Acts 1:6](#), [3:20](#), [Romans 11:26](#), [Galatians 6:16](#), Revelation 20, etc.

[The Holman Illustrated Study Bible 120 ratings](#) Includes the excellent Holman maps but otherwise of little help in serious study.

[Dictionary of the later New Testament & its developments 71 ratings](#) IVP Series

The third of IVP's critically acclaimed series of dictionaries of the New Testament provides focused study on the often-neglected portions of the New Testament: Acts, Hebrews, the General Epistles, and Revelation. Furthermore, its scope goes beyond the life of the New Testament church to include the work of the apostolic fathers and early Christianity up through the middle of the second century.

[Halley's Bible Handbook](#) Henry H. Halley - (2000) 2720 pages (much larger than original edition in 1965 and no time limit on use). ([Halley's Bible handbook : an abbreviated Bible commentary - one hour limit](#) 1965 872 pages)

Rosscup - A much-used older evangelical handbook bringing together a brief commentary on Bible books, some key archaeological findings, historical background, maps, quotes, etc. It is helpful to a lay Bible teacher, Sunday School leader, or pastor looking for quick, pertinent information on a Bible book. This is the 72nd printing somewhat revised. Halley packed in much information. Unger's is better overall, but that is not to say that Halley's will not provide much help on basic information.

[The Shaw Pocket Bible Handbook](#) - Editor - Walter Elwell (1984) 408 pages.

"This hardback is small in size but packed full of content: Brief summaries of every book of the bible, cultural, archaeological and historical info, word definitions, pictures, maps and charts." Worth checking!
